Best Position In Years, County Board Advised

Says Tax Rate is Comparable with Other Area Counties

The Saline County Board of Supervisors yesterday got a favorable report from M. B. Coker of Coker and Coker, Peoria public accountants, who audited the books of the county for the fiscal year December, 1953, to December, 1954.

Here are some of the remarks made by Mr. Coker, senior member of the firm, during his report:

"Your county is in the best financial position it has been in during the past several years."

"I cannot find that the county is throwing any money away. I cannot see where you can trim."

"You have money to take care of your claims, and that's fine. You are in far better shape financially than some southern Illinois counties."

Report Delayed

Mr. Coker said that the report for the past fiscal year should have been made in March or April but that delay in getting books from the county clerk's office held it up until the October meeting. The county clerk's report was of Aug. 31, 1955, he said.

Mr. Coker, after going through his report item by item with the board, estimated that on Dec. 1, 1955, the start of the new fiscal year, the county should have \$110,000 cash for budgeting, an increase from the previous year.

He also explained that two and a half cents would be dropped from the total county tax rate because seven and a half cents in rates were being dropped and five cents added. He said that three levies, for election and registration, for the sheriff highway patrol and for veterans' assistance, were being eliminated because they were illegal taxes and that retirement fund and bridge funds levies were being lowered. Added, he said, would be a 5-cent rate which would enable the county to get matching federal funds for road work.

He said the tax rate in Saline county compares with other southern Illinois counties.

"You have a \$60,000,000 valuation and 34,000 population," he stated. "That means about \$1,800 per capita valuation. Our company operates from one end of the state to the other and we find that many upstate counties have a per capita valuation of \$3,500 to \$4,000."

And he added:

"Down here the per capita valuation is either too low or you have too many poor people."

The board was quick to respond

Charge Two with Thefts, Third With Receiving Property

Two Eldorado youths are charged with stealing a television set and a radio-phonograph combination from the John T. Wring home in Eldorado and a third young man, from Gallatin county, is charged with receiving stolen property in charges filed here, Sheriff William T. Barrett reported today.

Charged with stealing the sets are James Roland Vessels, 16, and Jackie Cox, 17. Charged with buying the radio is William Milligan, who lives on Route 1 south of the Route 13 intersection in Gallatin county.

Barrett said that Cox is in jail and the other two are out on bond. He added that Milligan also was wanted in this county on a bastardy charge and is out on bond on this count, too.

The sheriff said that after the boys took the 24-inch TV set and the radio, Milligan bought the radio and the set was hauled to the Bixler school yard south of Eldorado and dropped when apprehension was feared.

Local authorities contacted Sheriff Millard Holloway of Gallatin county, who went with them to the Milligan home to look for the radio. They found it at the home of Milligan's grandfather, Barrett said.

Sen. Bridges Believes Eisenhower May Designate Several Candidates

WASHINGTON — Sen. Styles Bridges said today that President Eisenhower may designate a group of Republicans as potential candidates if he decides not to seek re-election himself.

The New Hampshire Republican made no prediction on whether the President will seek a second term. But he said he thinks Mr. Eisenhower will make his intentions known before state presidential primaries are conducted early next year.

Bridges was asked whether he thinks the President would personally put the mantle of party leadership on a successor if he decides not to run again next year. Bridges said he believes Mr. Eisenhower would be "more likely to pick a group."

By naming a group of possible candidates with good qualifications President Eisenhower would thus leave the actual selection of the party's candidate to the national convention. His choices would, of course, have an important advantage at that time.

One senator said Thursday that he "assumes" Mr. Eisenhower will not seek the presidency again. Sen. Walter F. George (D-Ga.),

the unofficial dean of the Senate, said he thinks the presidential race is "wide open" in both parties.

There were these other developments:

1. Sen. Herbert H. Lehman (D-NY) again stated that he is supporting Adlai E. Stevenson for the Democratic nomination. Lehman's statement made it clear that he is not bolting the Stevenson ranks to join the forces behind his state's Democratic governor, Averell Harriman, as a favorite son candidate.

2. George told a news conference he thinks Stevenson could get the nomination if he made a serious bid for it, at a convention held tomorrow. But George endorsed no one and said no one can tell what the situation will be by spring.

3. The unannounced candidacy of Sen. Estes Kefauver (D-Tenn.) got a boost from J. Howard McGrath (D-RI), former senator and attorney general, who came out for Kefauver in Providence, R. I. McGrath declined to say whether he was instrumental in getting a meeting of Rhode Island young Democrats to table a resolution endorsing Stevenson.

Gov't Sends Planes to Return Touring Senators, Wives Home

WASHINGTON — An empty, four-engine Air Force transport winged toward Madrid today to pick up two senators and their wives and return them to the United States at Defense Department expense.

Another plush transport is scheduled to leave in 10 days — loaded this time. The Air Force hopes to pick up another senator and his wife in Paris.

The cost of the two special round-trip flights across the Atlantic will be about \$20,000.

Nine Former Soviet Sailors Like Life in U. S.

SEATTLE — Nine former Russian sailors flew eastward across "von-der-fur America" today, today highly pleased with their decision to abandon Russia for life in the United States.

They turned their backs on communism when their ship was seized by the Chinese Nationalists 16 months ago. They got their first glimpse of the United States when they landed at Seattle-Tacoma International Airport Thursday night.

In quick succession following immigration clearance, they learned water in the United States is free, the vodka "better than in Russia" and that "everyone here seems so friendly."

"I wanted freedom; I wanted to come to the United States," said Victor Salovyev, a baby-faced blond who appeared no more than 10 or 20. "I did not like the politics and neither did my friends who arrived here with me."

The nine merchant sailors were aboard the Russian tanker Tuapse which was seized by the Chinese Nationalists near Formosa June 23, 1954. They refused to return to Russia with the ship's captain and 28 other crewmen and were granted asylum by the Chinese Nationalists. They are being admitted to this country under the immigration law of 1952.

They said there were 11 more of their shipmates now on Formosa waiting for visas to come to this country.

Accompanying the sailors was a Lutheran missionary, John L. Wilenius. The men are being sponsored by the Church World Service, an international relief organization and a member of the National Council of Churches with headquarters in New York. They said they were members of the Russian Orthodox Church.

Ike Approves Federal Prison In the Midwest

Justice Dep't Program Okayed on Visit by Brownell

DENVER — Atty. Gen. Herbert Brownell Jr. said today after a 25-minute conference with President Eisenhower that it would be inappropriate for any member of the administration to discuss publicly whether the chief executive should seek re-election.

The principal result of the attorney general's visit to Denver was that Mr. Eisenhower approved an extensive Department of Justice program for 1956, including a request to Congress for about 20 additional federal judges and legislation to make it a criminal offense to invade the privacy of a jury while it was deliberating.

Mr. Eisenhower also approved plans for two new prisons, a 7 1/2 million dollar correctional institution for younger prisoners to be located somewhere in the West, and a new maximum custody prison in the Middle West to cost about 9 1/2 million dollars.

No Political Talk

Brownell, one of Mr. Eisenhower's most influential political advisers, said flatly that he did not discuss politics "at all" with the President today.

Asked whether he thought Mr. Eisenhower would run again, Brownell said, "while the President is on his way to full recovery, I think it would be entirely inappropriate for anyone to comment on that, certainly for me."

Meantime, the latest medical bulletin from the President's bedside reported continued progress from the effects of the heart attack he suffered Sept. 24.

Phone Company Purchases Lot

The B. E. Hart lot between the Cummins building and Pankey bakery on West Church street has been purchased by the General Telephone Co. of Illinois, records in the circuit clerk's office revealed.

There was no announcement from the telephone company but it is presumed that the site will be used for a new telephone exchange building.

Purchase price was \$15,000, the recorded deed revealed.

He leaves his wife, Mary, and three children: Mrs. Anna Gilles, Chicago, John Bolog Jr., U. S. Navy, Houston, Tex., Mrs. Ted (Mary) Moore, Equality; four grandchildren and two great-grandchildren.

The body lies in state at the Turner funeral home and funeral plans are incomplete.

Letter from Heartbroken Widow Unfolds Story of Stricken Abandoned Baby

BOSTON — The story of a 17-day-old abandoned baby, his arm practically paralyzed by polio, unfolded today in an unsigned letter from a heartbroken widow.

"My arms ache to hold him. I think this is a privilege (sic) and a thrill that will forever be denied to me."

"I don't love my son any less than the other children, but I am alone now and as I look around I know I am justified and that my son will have a chance at life and not know poverty."

Big burly Irish cops turned away and bit their lips after reading the letter from the mother who abandoned her baby in a paper bag on a doorstep Oct. 6.

"Poverty will drive people to lots of funny things, but after all a mother is a mother," said Police Sgt. Joseph D. McGilivray as he ordered his men to search for the widow.

The baby was at City Hospital three days ago when he was stricken with polio. He was in a respirator a short time. Today he was in an incubator, crying at intervals. The doctors and nurses who "adopted" him said he seemed to be gaining.

The four-page letter received at the hospital Thursday night proved the writer was a mother by describing a locket and blanket found with the child Oct. 6, officials said. The letter pleaded the

4 Senior Girls Candidates for Queen at HTHS

Beverly Bishop, Beverly Carpenter, Pat Foster, and Jane Lasersohn were nominated Homecoming Queen candidates yesterday by the Senior class of HTHS. From these four senior girls the football squad will choose a queen to reign over homecoming festivities next Friday.

The identity of Her Majesty will remain a well-kept secret until next Thursday's pep rally and bonfire at Taylor Field.

Jane Lasersohn, daughter of Mr. and Mrs. E. M. Lasersohn, 112 West Walnut, was queen at her junior year, has been on the cheering squad all four years, and has taken part in class plays. This year she is co-editor of the Keystone and vice-president of the Thespians.

Beverly Bishop, daughter of Mr. and Mrs. Richard Carpenter, RFD 4, and Pat Foster, daughter of Mr. and Mrs. R. L. Foster, also have been four-year members of the cheering squad. Both this year are senior editors of the Keystone, and belong to the Thespians.

Beverly Bishop is the daughter of Mr. and Mrs. C. L. Bishop, and hails from Raleigh. For four years she has been active in music. She has been a member of the concert band and the baton twirlers all four years.

Pat Hodson and Pat Schwartz were chosen queen attendants for the second straight year by the junior and sophomore classes, respectively. Linda Skaggs was elected attendant by the freshman class.

Three Fined for Fleeing to Escape Paying Taxi Bill

Three young men who fled instead of paying a taxi bill today were fined \$83.50 each when arraigned by county officers before Justice of the Peace Vern Joyner Jr.

The trio, Donald Moore, Clarence Seagraves and LeRoy Pritchett of Eldorado, was picked up after outrunning Darnell Mayberry, local taxi driver, in their automobile Wednesday night.

Sheriff William T. Barrett said the three ran out of gasoline on Route 13 east of Harrisburg, came into town and got two gallons of gas. Then they secured Mayberry to take them out to their automobile.

The boys put the gasoline in their car and asked Mayberry if he could change a \$20 bill to get his fare. He said he could not.

The boys were to drive ahead of Mayberry into Harrisburg to get change and pay him, but they speeded up, turned off on a gravel road and made a getaway.

They were taken before Joyner this morning and each was fined \$50 and costs on charges of disorderly conduct.

Two Liquor Raids Conducted by Sheriff, Deputies

Sheriff William T. Barrett today announced that his force conducted two successful liquor raids last night.

Arrested were Clara Whitehouse of Harrisburg and Archie Finch of Carrier Mills. Barrett said both would be charged with illegal sale of liquor.

Both raids were made by Barrett, Deputies Everett N. Sneed, James Lyon and Jeff Stricklin and Special Deputy Freeman Knickaid.

Barrett said that after a whisky buy had been made from Clara Whitehouse, his force entered her home in East Harrisburg, where they found two half-pints of whisky on a table, with a portion of the liquor gone from one bottle, and 85 cans of cold beer in a big cooler.

A whisky buy also was made at the Finch place in Carrier Mills. Officers entered and found a small amount of whisky and 21 cans of beer.

Sheriff Barrett said that other buys had been made in the county and that he planned to take action on these cases.

Lie Test Clears Suspect in Boys' Slaying

CHICAGO — A lie test today cleared a former railroad worker and bore out his story that he may have seen the slayers of three young boys just before they dumped the bodies in a forest preserve.

The lie detector test cleared Edward Rohlfes, 47, in the slaying of Robert Peterson, 13, John Schuelser, 13, and his brother, Anton Jr., 11.

Rohlfes was given the lie test after he volunteered the information that he saw three men in a battered blue Ford drive into the forest preserve Tuesday morning two hours before the nude and battered bodies of the young victims were found.

Lt. James McMahon of the homicide squad said the lie test confirmed that Rohlfes was telling the truth and that he had no guilty knowledge of the murders.

No Good Suspects

Police said Rohlfes was given the test because of some suspicion attached to his statement that he slept in the forest preserve in his parked pickup truck Monday night, instead of sleeping at home.

If the bodies had been there then, he said, he would have seen them, because his truck was parked near the ditch where they were found at 12:30 p. m. Tuesday.

A crowbar, claw hammer and stained sweatshirt found in Rohlfes' truck were sent to the crime laboratory for analysis before it was announced he had cleared the lie test.

Police said eight persons in all have been held for questioning about the slayings, but none is a "good suspect." One of them, Michael Chupick, 22, may be given a lie test, police said.

WASHINGTON — The average take-home pay of factory workers jumped last month to a new record level. The cost of living also rose to the highest level in a year.

Gains Aid for U. S. Strategy at Geneva Parley

Allies Plan to Offer Russia Security Guarantees

WASHINGTON — Secretary of State John Foster Dulles today held a strong hand of diplomatic cards to play at next week's Big Four showdown meeting at Geneva on key East-West problems.

Dulles, in a whirlwind finish to preparations for the conference, has lined up support of President Eisenhower and a group of congressional leaders of both parties for U. S. strategy on the twin problems of European security and German unity, disarmament and lowering of East-West barriers.

Additional support for Dulles' Geneva strategy came late Thursday from the secretary's own State Department. It suddenly made public an 88-page record of many of Mr. Eisenhower's and Dulles' statements at the earlier Summit Meeting at Geneva last July.

Strong Determination Shown

The document showed the strong determination of the United States to link European security and German unity together—a tussle the President won from Soviet Premier Nikolai Bulganin. It also brought out Mr. Eisenhower's flat pledge to Russia that "under no circumstances is the United States ever going to be a party to aggressive war—against any nation." This was coupled with the President's pledge that the North Atlantic Treaty Organization is "purely defensive."

Dulles met Thursday with 14 key congressional leaders to acquaint them with U. S. strategy and to shore up any weak spots in bipartisan backing. The Secretary of State was reported pleased by the reception his views received from the lawmakers who met with him for nearly two hours.

Several Points Made

According to legislators who attended the meeting, Dulles made these points:

The Allies plan to offer Russia security guarantees based on a five-nation pact which could be expanded to many other nations on each side of the Iron Curtain. The plan is designed to prod Russia into a German reunification program.

On disarmament, the United States will stand solidly behind Mr. Eisenhower's plan to build trust and confidence by exchanging military blueprints and aerial reconnaissance rights with Russia.

Pageant to Feature World Community Day Observance

"Festival of the Nations," a pageant of 80 characters will be the feature of the World Community Day Observance at Wesley Center Thursday, Nov. 3. This was a decision reached by a committee of the Harrisburg Council of Church Women which met at the home of the president, Miss Bess Pemberton, Thursday evening.

Because of local conflicts the date was changed from Nov. 4, the international date, to Nov. 3. The program will be given under the direction of Mrs. Lolo Eddy, a former teacher of speech at the Harrisburg Township high school, and the music will be furnished by John Schork. The art department of the high school, under the direction of Miss Katherine Rice, is making 60 flags for the "March of the Nations." Mrs. Harold Bauman, director of arts in the grades, will furnish 60 banners.

The intention of the committee was to make the observance a "community" project in a large way.

Miss Beulah Lievers, corresponding secretary, was instructed to notify and to ask the cooperation of the pastors and congregations of local churches.

Those attending the meeting were Mrs. Lolo Eddy, Mrs. William Sloan, Mrs. Frank Gray, Mrs. Capicola Melton, Miss Alta Johnson and Mrs. Veri Youngs. Miss Pemberton's illness prevented her from taking part in discussions.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
Eisenhower Administration De-
cides Spirit Of Geneva Is
Dead: They Do Not, However,
Break This News To Ike: Re-
publicans Start Money Drive
For '56.

WASHINGTON—President Eis-
enhower has not been given the
full impact and would be distressed
if he knew it, but his adminis-
tration has decided that the
"Geneva Spirit" is dead.

This verdict was reached by the
National Security Council exactly
one week ago at a meeting in
the White House with Vice Presi-
dent Nixon presiding.

The verdict was based partly
on a sober estimate made by Al-
len Dulles, brother of Central
Intelligence, that the cold war is
continuing, that the present Rus-
sian leaders cannot be trusted,
and that Russia would be able to
triple her defense budget without
any protest from the Russian peo-
ple.

Secretary Dulles, who visited the
President in Denver, however,
did not acquaint him with this
grim outlook. Though he spent 25

minutes at the hospital, Dulles
confined himself to general re-
marks about east-west problems.
He was fearful of upsetting the
President's recovery; also, he
himself has never been as opti-
mistic as Eisenhower about the
results of Geneva.

Some members of the White
House staff do not go along with
Dulles and the National Security
Council regarding the pessimistic
state of the world. Harold Stassen,
in charge of disarmament,
still has genuine hopes for world
peace. However, with the Presi-
dent away, it's the Pentagon and
the Dulles brothers who are call-
ing the foreign-policy tunes.

GRACIE PFOST'S EARRINGS

One committee of congressmen
who took a trip to Alaska this fall
worked so hard that they could
hardly go fishing, according to
Rep. Leo O'Brien, New York
Democrat.

"Jim Utt (R) of California and
Rep. Gracie Pfost (D) of Idaho
had to get up at 5:30 one morning
to get in some fishing," reported
O'Brien. "There was a hearing
scheduled for 8:30 a. m. that day."
"They came back with one fish,
about as big as a sardine. Gracie
was rather proud of it, though,
and when I told her to catch an-
other one and make herself a pair
of earrings, boy, did she get
sore!"

MERRY-GO-ROUND

Last year, Margaret Truman
toured the summer theatre cir-
cuit in "Autumn Crocus," a play
featuring the late-blooming ru-
mance of a spinster school-teacher
when she went to Austria on va-
cation. Margaret played the role
of the teacher. This summer,
Margaret went to Austria on va-
cation, sent Marcus and Ann May,
fellow members of the "Autumn
Crocus" cast, a late-flowering
crocus from the Tyrol. Re-
marked GOP Chairman Len Hall
to Democratic Carmine De Sapio

after the Marciano-Moore fight:
"I never saw anyone take such a
beating since the Willard-Dempsey
battle." Replied De Sapio: "Wait
till you see what we do to you fel-
lows next year." A recent
item in this column reporting that
a six-toed Indian was in the Cap-
itol's picture of Pocahontas,
brought a reminder from ex-Con-
gressman Knute Hill of Washing-
ton that we forgot to mention a
three-armed girl in the picture of
General Washington resigning his
command at Annapolis. It might
be added that there is a three-
legged horse in a frieze above these
pictures, as well as the unidenti-
fied image of a young lady on a
tree trunk. These flaws could
have been intentional. Mural art-
ists are notorious for adding in-
dividual touches to their work,
particularly such additional whims
as arms or legs. There is a three-
legged Revolutionary war soldier
in a portrait at the National Art
Gallery.

HEADLINES AND FOOTNOTES

Postmaster General Arthur
Summerfield is quietly lining up
his postmasters across the country
to back him in a bid for the vice
presidency. While other GOP
hopefuls have their eye on the
presidential nomination, Summer-
field is shooting for the No. 2
spot. At a meeting of the na-
tion's postmasters in Detroit, Sum-
merfield pressured key postmas-
ters to pick him in their home
districts. Since he's their boss,
they could hardly refuse. Sum-
merfield may find himself on the
congressional carpet for using the
postal system to further his
own political ambitions. Con-
gressmen, sore at the way he high-
pressured them to vote for higher
postal rates, may jump at a
chance to crack back at him.

Geological Field Trip Saturday in Shawneetown Hills

An Earth Science Field trip for
teachers, students, amateurs and
collectors, sponsored by the Illi-
nois State Geological Survey, will
be taken into Shawneetown Hills
Saturday.

The trip will begin at 9 a. m.
CST at the Shawneetown high school
and will end at 4 p. m. Those
going are asked to take a car and
a packed lunch, or arrange for
space at the assembly point.

Persons going are asked to take
a hammer and a cold chisel for
collecting fossils; a knapsack, and
paper wrappers to protect the fos-
sils. Anyone interested in geology
or collecting rocks and fossils is
welcome.

The tour will include the old
salt springs where the Indians and
early settlers made their salt. Tour
members will see old sand dunes,
now covered with timber, thick
loess deposits, buried soils and
many rocks of Pennsylvanian and
Mississippian age, some of which
are faulted. When the rocks were
erupted and broken, they were
displaced nearly 4,000 feet and in
places mineralized.

This is the third of six sched-
uled Earth Science Field trips. All
others are upstate except an April
14, 1956, tour which will take tour-
ists into Randolph and Monroe
counties.

There are indications that the
trip into Gallatin county will be
well-attended. George Davis of
Decatur, president of the Central
Illinois Rockhounds, is bringing a
group of members to take in the
tour. Mr. Davis, well-known
throughout the state, is manager
of the Consolidated Printing and
Supply Co. branch office in Deca-
tur. The company's main office
and plant is here in Harrisburg.

War II Vet Seeks To Refund Sailor Pay to the Navy

WASHINGTON — A proud
and somewhat nonplussed Navy
told the story today of a World
War II veteran who wants to re-
fund his sailor pay out of grati-
tude to the Navy and the country.

The Navy said the refund was
possible but suggested the ex-
sailor might rather contribute to a
scholarship fund or the Navy Re-
lief Society.

The veteran went the Navy one
better. He enclosed his first check
to repay his World War II pay on
the installment plan and said he
also wants to contribute to a
scholarship fund.

His total base pay amounted to
nearly \$5,000, and his special pay
and allowances to another \$4,000.
The name of the former sailor
was not disclosed at his request.

State Health Department Releases Plans for Distributing Free Vaccine

SPRINGFIELD — The State
Health Department today released
its plans for distribution of "free"
Salk polio vaccine to be made
available by state and federal
appropriations starting before
Nov. 1.

Dr. Ruth Church, chief of the
department's bureau of commu-
nicable disease control, said
Illinois' share of federal funds
would be slightly more than a
million dollars, in addition to a
million dollars appropriated by
the 1955 Legislature.

Dr. Church said the money
should provide enough vaccine for
about 35 per cent of Illinois citi-
zens eligible to receive it, or some-
what more than one million per-
sons.

She said the vaccine would be
made available on a distribution
factor based on each county's
population under 20 years of age
and the median family income in
each county taken from the 1950
census.

Poor Counties Benefit

This would allot more vaccine
to poorer counties, she said.
Eligibility under the law is limited
to persons under 20 and to
pregnant women.

In a brochure prepared for dis-
tribution to Illinois physicians, the
department outlined these points
in the distribution plan:

1. "Federal allocation to the
state is based on 2 cc. per eligible
person to allow two inoculations
of 1 cc. each with an interval of
three to four weeks."

Vaccine presently being manu-
factured loses its effectiveness
within about three or four weeks.

Geneva Girls' School Administration Cleared of Charges

SPRINGFIELD (U)—Superintendent Mary L. Shaughnessy and the administration at the State Training School for Girls at Geneva today were cleared of charges of laxity.

The correctional services advisory board of the Illinois Youth Commission Thursday issued a report in which it found the charges brought by State Sen. Lottie Holman O'Neill (R-Downers Grove) were not warranted.

Board Chairman Sen. R. G. Crisberry (R-Murphysboro) said it was the board's opinion that the administration at Geneva "is doing a very fine job."

However, the board recommended a further investigation of the school administration and other youth commission institutions by outside experts in the "rehabilitative field."

Keeps Longer

White flour keeps longer than graham flour because graham flour is a whole-wheat flour and therefore contains the wheat germ. The wheat germ contains fat, and, in time, fat will become rancid.

Widow of Bernarr Macfadden Cut Off from Estate
JERSEY CITY, N. J. 21—One-time millionaire Bernarr Macfadden was so piqued when he and his wife, Jonnie Lee, separated that he cut her off from his estate without a cent, it was revealed Thursday.
The doughty, 87-year-old physical culturist's last will and testament, which will be probated Monday, 10 days after his death, specifically excluded his third and last wife from benefiting from the estate.
The papers, which were filed here Thursday, gave no clue as to the size of the estate, but it was believed small.
He specified a number of moderate bequests to relatives and friends, dividing the remainder among his children, a granddaughter and the Bernarr Macfadden Foundation.
As for Jonnie Lee, who was battling him in court for alimony when he died and still is fighting to get control of his estate, he said: "I make no provisions for my wife, Jonnie Lee Macfadden, herein for the reason that she had unjustifiably abandoned me and has left home without my consent and has failed and refused to return to me and my home."

Specialist Says Ike Could Run for Second Term if He Wishes
BURLINGTON, Vt. 21—President Eisenhower could seek a second term if he wished, according to a noted heart specialist who has studied the President's cardiograms.
Dr. Eugene Lepeschkin told a newsman Thursday "It's hard to say, but if the President avoids any emotional or physical strain and meantime watches his health, he would be physically able to run."

When Miss Arline Smith was a teacher at the Harrisburg Township high school her sister visited here frequently and became widely known. They are the daughters of the late Judge William Y. and Susan Smith of Vienna. A brother, Ben, and Mrs. Kessler, who resides in Indianapolis, survive.

U. S. Civil Service Accepting Applications For New Examinations
The U. S. Civil Service Commission has announced that applications are now being accepted for its new Federal Service entrance examination. This examination will be used for filling positions paying from \$3,670 to \$4,520 a year in a wide variety of occupational fields.
The Federal Service entrance examination is open to college seniors and graduates regardless of their field of major study, and to college-caliber people who have had equivalent experience. The first written test will be held Dec. 10, for those who apply by Nov. 18. Additional written tests will be given every few months since the examination will be open for receipt of applications until further notice.
Further information and application forms may be obtained from the Commission's representative, Charles U. Wasson, located at the Harrisburg post office or from the U. S. Civil Service Commission, Washington 25, D. C.

Junior Class Play At Carrier Mills High School Oct. 27

"Professor, How Could You," a comedy in three acts by Anne Coulter Martens, will be presented by the Junior class of Carrier Mills Community high school Oct. 27 at 8 p. m. in the high school gymnasium.

The cast:

Keats Perry (Harold Casey) is a good looking young man in his middle twenties. He has been more than a little spoiled by his grandmother and by his early success in his profession. He knows more about history than he does about life and about women he knows nothing and cares less.

Vickey Randolph (Janice Harwood) is about 20, an audacious spirited girl, quick in her enthusiasm and in anger.

Grandma Perry (Mabel Tanner) is a sweet, white-haired woman of 60, rather like a fussy little hen. Grandpa Perry (Jim Ozment) is an alert, chipper little man of 60, with gray hair and trim beard.

John Appleby (Dennis Owens) is a clean-cut, likeable young man of 25. He has a breezy manner and goes in for quite a bit of back-slapping and good natured boisterousness. He is quite confident that he is impervious to the fair sex.

Priestella Morley (Phoebe Holmes) is a sweet girl of 19 with a childish, appealing manner.

Tootsie Bean (Janet Beggs) is about 28, decidedly plump, coy and giggly.

Butcher Boy Bean (Carl Murphy) is 22, built on a massive scale and has a very pugnacious air.

Valerie Whitman (Shirley Pyle) is about 29 and pretty in a languid, appealing way. She speaks with a Southern accent, is a heartless flirt.

Boggins (Bob Butler) is about 40, a respectful servant, but also one who feels his opinions count.

Three young children: (Mary Murphy, Erma Smith and Jim Keys).

Mrs. June Priest is faculty director of the Junior play.

Use Tax Headed For Court Test

SPRINGFIELD (CP) — Illinois' new 2½ per cent use tax today was headed for the court test long expected by state officials.

Crane Co., Chicago plumbing-ware firm, Thursday filed suit against the new law in Circuit Court here and named State Treasurer Warren E. Wright and State Revenue Director Richard J. Lyons as defendants.

The suit asked that the law be thrown out as unconstitutional and that \$2,385.17 in taxes paid under protest by the firm be refunded.

File Charge in Fatal Shooting At Champaign

CHAMPAIGN, Ill. (CP) — A wealthy business executive was held without bond today on charges of murdering an Army corporal who begged on his knees not to be shot.

Paul E. Cheney, 53, Winnetka, Ill., was charged with the murder of Cpl. William Schroeder, 22, during an argument which followed an "old friends" party.

Police said the argument broke out over whether Cheney was sober enough to drive to Springfield at about 2 p. m. Thursday.

Cheney is president of Gall & Co., a Chicago monument firm, and also owns Roselawn Cemetery in Springfield.

Schroeder was the son of Mrs. Eleanor Schroeder Fronciari, Democratic state central committee woman from Chicago's 7th District. He was home on emergency leave from Ft. Leonard Wood, Mo., because of a recent knee operation on his wife.

Schroeder's wife gave this account of what happened:

The party, at the home of Mrs. Maurice Bauman in Urbana, had broken up when Cheney announced his intention to drive back to Springfield.

Schroeder said Cheney was not in condition to drive. The two men argued as they stood beside their cars in the driveway.

The next thing she knew, Mrs. Schroeder said, she looked out the door and saw her husband kneeling on the ground, apparently after a scuffle, "begging for his life."

"Bill went down on his knees, pleading 'No, no, not this,'" Mrs. Schroeder said. "Paul answered, 'You're not going to stop me this time' and fired."

Cheney cried a moment before he fired, Mrs. Schroeder said. After he fired the shot into Schroeder's neck, she said, he threw the gun away and ran into the house, asking that a doctor be called.

County Finances Praised by Auditor

(Continued from Page One)

that the problem was too many poor people.

In southern Illinois, Mr. Coker gave examples of counties that were both lower and higher than Saline. Union, he said, has a per capita valuation somewhere between \$1,400 and \$1,700, while Randolph's is \$3,000.

"I can see why you have to levy excess rates at times to keep yourself in financial solvency," he stated, "despite the fact that railroads and other utilities object and are sustained."

New Jury List Necessary

Prior to Mr. Coker's enlightening report, a Saline County Bar association committee spoke of the necessity of the county board compiling a new master jury list of approximately 2,100 names, consisting of 10 per cent of the male voters and 10 per cent of the female voters of the county and to select a jury list proportionate to the voters of each precinct, or township, consisting of 900 names, as ordered by the court.

Several days ago the court quashed the present jury list and ordered a master list prepared and jury list of 900 taken from this master list in time for the December term of circuit court. The jury for this term will be drawn from the 900 names placed in a box.

Appearing to suggest procedure to get the job done 20 days before the December term opens, as is required by law, were Atty. D. F. Rumsey, Atty. E. M. Hancock and Atty. DeWitt Twente.

They pointed out it is improper for any supervisor to delegate authority to anybody else to make a list, to keep politics out of the selecting of juries.

Near the conclusion of the meeting the board passed a resolution approving the master list and the jury list of 900 names, as turned in by the supervisors.

Cold Spot
Coldest official temperature ever recorded in North America was a reading of 81 degrees below zero Fahrenheit, taken in February, 1947, at Snag, small Yukon Territory outpost near the Alaskan border.

Rescue Teams Move Closer To Mine Fire

WALTONVILLE, Ill. (CP) — Mine rescue teams have moved 300 feet in a little more than a day's operations toward a fire burning in Orient Mine No. 3 here.

An official of the Freeman Coal Co. said today the teams still are more than a mile from the fire that began 11 days ago. Six state mine rescue teams are working on three shifts to build air seals closer to the fire that started when a coal buggy ran over an electric cable.

The official said the rescue teams would not attempt to put out the fire by direct methods. He said the plan was to seal off mine passageways closer to the fire area and further cut off air from the blaze.

The rescue teams entered the mine Thursday morning and so far have not encountered any adverse conditions. However, the mine official pointed out they are a long way from the fire.

The official said there is no estimate at present as to how long the fire will burn or when production will be resumed at the mine which is the largest in Illinois.

Cost of Living Shows Increase

WASHINGTON — Higher prices for food and clothing and higher household costs and services shot the cost of living up last month to the highest level in a year.

The rise also sent the cost of living to within 1/2 of 1 per cent of the record high level set in October, 1953, the government reported today.

The Bureau of Labor Statistics said that its index of consumer

prices rose .3 of 1 per cent between Mid-August and Mid-September to 114.9 per cent of average 1947-49 prices.

This was 2 of 1 per cent higher than September, 1954 the highest level since August, 1954. It was the first month since July, 1954, that the index has been higher than the corresponding month of the previous year. The peak—set in October, 1953—was 115.4 per cent of the 1947-49 average.

The little town of Azizia, in northwestern Libya, holds the world's official heat record—136.4 degrees Fahrenheit.

SIU, Eastern Cross Country Teams to Collide

CARBONDALE, Ill. — Two undefeated cross country teams, Southern Illinois university and Eastern Illinois, will collide at the half of the Eastern-Indiana State grid game.

Eastern, a long-time powerhouse in cross country, will have an edge because of its more experienced squad. Southern, however, has been getting good results from its newcomers and could bring about an upset.

Last week Southern tripped Southeast Missouri at Carbondale and turned back Western Illinois in a meet at Macomb. Pacing the SIU team is Bernard Kabat, Waltonville freshman.

After a poor beginning in the initial meet, Captain Howard Branch of Mounds came in a

strong third in last Saturday's meet with Western.

Last year's conference champion miler, Chuck Matheny, senior from Paris, heads the Eastern harriers.

Expected to compete for SIU are Kabat, Ron Helberg, Blue Island; Bob Kascinski, Chicago; Joe Betts, Vernon; and Garrison Newsum, Shawneetown.

Among those expected to run for Eastern are Jim Mitchell, Fred Gore, Jim Edmundson, Wesley Walker, and Joe Mansfield.

First Place at Stake in Two Illinois Loops

By United Press

First place will be up for grabs in two Illinois college football conferences Saturday.

Southern Illinois university will clash with Michigan Normal at Huron for leadership of the Interstate Intercollegiate Athletic conference. They're now tied at 2-0 each.

In the College Conference of Illinois, Wheaton will entertain challenging Illinois Wesleyan in a showdown battle. Wheaton has two wins and a tie and Wesleyan two victories in league play.

While Saturday's games may settle temporary leadership of the two conferences, the victors won't be out of the woods.

Central Michigan is in a good spot in the IAC, right behind SIU and Michigan Normal with two wins and a tie. Central tackles Illinois Normal on Saturday.

The other IAC game sends Western Illinois to DeKalb against Northern Illinois. Eastern Illinois will host Indiana State in a non-conference tussle.

Millikin, which matches Wesleyan's 2-0 mark in the CCI, can improve its record by downing Lake Forest, the team that held potent Wheaton to a scoreless tie last week.

Augustana (1-2) faces Elmhurst (0-2), while North Central plays non-conference opponent Carroll.

In the Midwest conference, league-leading Coe and St. Olaf, each with 4-0 records, will be favored over Knox (1-3) and Cornell (2-2). Carleton (3-2) meets Grinnell (1-2) and Lawrence (0-1) plays Ripon (2-3).

STOUT DEFENSE

East Lansing, Mich. — (NEA) — The best defensive performance in Michigan State history was against Pittsburgh in 1950. The Spartans held the Panthers to a minus 11 yards.

Harrisburg, Herrin Meet in Crucial Test

By United Press

Crucial conference battles between Harrisburg and Herrin in the South Seven and Urbana and Decatur in the Big 12 top the program Friday night as the Illinois prep football season swings into its second half.

Herrin, widely regarded as the class of southern Illinois football until its upset by Benton last week, will be after its fifth victory in six games and some new polish on its reputation against Harrisburg.

The Bulldogs took advantage of Harrisburg's defeat to climb into top spot in the South Seven with their fifth straight victory.

The tussle is Herrin's homecoming.

Champaign vs. Bloomington

Both Decatur and Urbana are unbeaten in Big 12 play, but the Redmen lead the loop, having flattened three conference foes since losing their season opener. Only two of Urbana's five straight victories have come at the expense of conference opposition.

Three other teams still have perfect marks in the Big 12, two of them, Champaign and Peoria Manual also having 5-0 season records. The Manual Rams, 2-0 in the conference, play city foe Spalding in a non-conference game.

Champaign, 1-0 in the Big 12, goes after its second loop win against Bloomington, while Peoria Central, also 1-0 in conference action, seeks No. 2 at Springfield.

In other Southern Illinois conference races, Carbondale which leads the Southwest Egyptian League with a 3-0 record takes on Pinckneyville, and Mount Carmel's Golden Aces go after win No. 6 against Carmi in the North Egyptian Conference.

NEW YORK (AP) — Heavyweight champion Rocky Marciano has been voted September athlete of the month in the balloting by sports writers and broadcasters for the Hickok Diamond Belt. Marciano, who won the belt as professional athlete of the year in 1953, was the first former winner to qualify for a second shot at the coveted award. Marciano received 45 votes compared to 12 for runner-up Johnny Podres, World Series pitching hero of the Brooklyn Dodgers.

Venezuela Girl Wins World Title

LONDON (AP) — Shapely Susana Djuim of Venezuela carried off the "Miss World" title Thursday night in a beauty contest almost devoid of the usual tantrums marking Britain's annual chesecake derby.

The only tears came from the winner, a 19-year-old who shapes up at 34-21-34, and from France's Gisele Thierry, a 21-year-old Paris mannequin who sobbed "Eet ees ridiculous. She ees not ze winner. Eet was unfair."

Miss Thierry, a pre-contest favorite among the field of 21, placed sixth. Many contestants sympathized with her, and said she should have placed higher than sixth. But most of them agreed with the judges in picking the Latin American.

One of those was Margaret Anne Haywood, Arkansas' traveling ambassador of beauty who took second honors and "thought I did pretty good" to do so.

First Baptist Members Redecorate Lower Rooms
Recently the members of the First Baptist church under the leadership of their pastor, Rev. Ernest Ammon, redecorated the lower rooms of the church.

The nursery, beginners' department, primary department, junior department and the church kitchen all had two coats of paint on the ceilings, walls and floors, except the floor of the junior department and the kitchen.

Almost \$100 was spent for paint, and the pastor estimated that the volunteer workers saved the church about \$400 labor cost.

On Friday night the workers had a sumptuous meal consisting of chicken, noodles and dumplings and many other dishes.

Present were Mr. and Mrs. Harry McVee, Mrs. Harry Rann, Mr. and Mrs. James Figg and son, Steve, Mrs. Josie Lloyd, Mrs. Mabel McMahon, Mr. and Mrs. Harold McNew and daughter, Brenda, Mr. and Mrs. Fred Bailey, Mrs. Willie Nolen, Mrs. Bertha Motsinger, Mr. and Mrs. Orval Blackman, Mr. and Mrs. Walter Sandler and daughter, Mona Ray, Mr. and Mrs. Raymond Allen, Mrs. Cebe Parks, Miss Addie Overstake, Miss Sandra Chase, Mr. and Mrs. Everett Wiley and the pastor and family and two children, Gary Alan and Alvin, and Ronnie Podorski who is visiting the Ammon family.
